- Can be used for internal wiring of electronic equipment, computers, business machines, and appliances. It has excellent mechanical strength, cut through performance, and good fluid resistance. The irradiated PVC insulation has been specially compounded to provide a wire that has thermoset characteristics. It will not melt or flow when overheated or contacted by a hot soldering iron.
- We can stripe, print, or respool to your customized specifications.
- Buy standard put-ups or multiples of standard put-ups for quicker delivery.
